Artist Sponsor	1250
Friend Sponsor	1000
Supporter	500

A delightful evening filled with the magic of southeast Indiana. A sophisticated dinner and wine pairing is being held on the historic George Street Bridge in Aurora, IN, a venue as breathtaking and as unique as Dearborn County.

The evening will be filled with a magical theme that will leave you as breathless as the venue. Join us to support the highly successful Jail Chemical Addiction Program (JCAP).

JCAP serves men and women who struggle with addiction issues, which affect the health and safety of many families and individuals in our communities in the Southeastern Indiana region.

The unique context of JCAP is that it is a treatment program offering individual and group counseling, certified by the Indiana Department of Mental Health and Addiction, at the Dearborn County Law Enforcement Center.

Two separate studies conducted by Indiana University have found JCAP has successfully contributed to lower recidivism rates for those who have participated in the program, compared to significantly higher county and state rates of recidivism. JCAP stands as an effective program that ultimately helps reduce crime as well as social and economic burdens.

JCAP Alumni promote responsibility and commitment to giving back to the community. The Alumni are active in many positive programs to promote unique prevention projects throughout our community.
